Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

This Annual Plan for FY2001 is the Housing authority of Mayfield's attempt to produce a single plan for the implementation, operation and management of the various programs and activities it offers its residents and the community.

In order to effectively accomplish its mission of providing decent housing opportunities, a suitable environment and economic opportunities for residents of Mayfield and Graves County, particularly for persons of low and moderate incomes, the Housing Authority accomplished the following during FY2000:

# Housing opportunities:

Developed flyers describing programs; Increased advertising; and Staff meet with Realtors.

## Suitable living environment:

Continued work on capital improvements projects; Employed a student intern to coordinate after school, summer day camp and computer labs; and Made grant application for Elderly and Family service coordinators.

## Homeownership:

The Housing Authority began working on development of a homeownership program by meeting with local lender, Realtors and local agencies. As a result the Housing Authority in cooperation with these groups is developing a Homeownership Fair for spring of 2001.

During FY2001 the Housing Authority will continue to work with community groups and residents to improve the opportunities available to low and moderate income people of Mayfield and Graves County which will move them from dependence to independence.

Good economic conditions in our region have made it better for low and moderate families to be come more independent, at the same time it has also reduced all program waiting lists, increased public housing vacancy/turn over rates, increased the turnover and un-utilized section 8 vouchers.

The challenge before the Housing Authority is to adapt itself to fit the world and conditions it finds itself in and to prepare for the future.
